## Settlement

Mohammed arrived 6 months ago. He has fully and graciously embraced his new Canadian Permanent Residency.

Mohammed is living in Stouffville and has been working for the past 5 months. He just started a full-time night shift contract which allows him to study for his driver's licence during the day. He is eager to find another job so he can soon purchase a car.

Mohammed's long term plan is to improve his English and go back to school.

The rest of the Alkhalifeh family are in their 3<sup>rd</sup> year and continue to welcome their new life of in Uxbridge. The children are working hard at catching up with their academics and are engaged in extracurricular activities. The father is working full time. The mother has been working full time this past fall and looks forward to more English instruction in January.

Four of the five Syrian families that arrived in 2016/2017 continue to live in the welcoming community of Uxbridge.
